

Multi-Media Landform/Physical Feature (End of the Year) Project

- *Each class developed a list of landforms/physical features in class and has recorded them on his/her sketch paper.
 - *Each project must include ALL landforms/physical features from student list
 - *Each item must be drawn and labeled (see examples below from image 2 and 3; DO NOT copy them).
 - *Students will use their sketch to completed a final multi-media display on a $\frac{1}{2}$ sheet of poster board in class over the next week and a half.
 - *Students must have all of their needed materials written on the back of their sketch paper.
- *All students sketches are due NO LATER than 4/10/19.

PAPER ART: LANDFORMS FOR KIDS
